

CE MARKING

A CE mark or formerly the EC mark, became mandatory for all fabricated steelwork on 1st July 2014. This is a manufacturer's declaration that their product meets the minimum requirements of a harmonised technical specification.

All Wareing buildings are manufactured at our works to comply with the British Standard 5502 for Agricultural Buildings & British Standard 5950 for Industrial Buildings and in June 2014, the company was awarded the CE Mark for its products, certified to Execution Class 2 level. This validates that J Wareing & Son have the necessary Factory Production Control system and Welding Certificates in place and fully operational.

Execution Class 1: Basic Farm Buildings (non-load bearing)

Execution Class 2: Grain Stores, Silos, Load Bearing Farm Buildings & Industrial Buildings

EC Certificate of Factory Production Control (FPC)

2273 – CPR – 0168

In compliance with Regulation 305/2011/EU of the European Parliament and of the Council of 9 March 2011
(the Construction Products Regulation or CPR)
it has been stated that the construction product:

Structural Components for Steel Structures

Harmonised	Type / Execution Class of the Construction Product	Declaration Method
BS EN 1090-1: 2009 + A1:2011	Load bearing and welded structural steel components up to EXC 2 according to BS EN 1090-2:2008+A1:2011	1, 2, 3a and 3b table A.1 of BS EN 1090-1: 2009 + A1:2011

placed on the market by

J Wareing & Son (Wrea Green) Ltd

and produced in the factory(ies)

Whinbrick Works, Blackpool Road, Kirkham, Preston, Lancashire, PR4 2RJ

is submitted by the manufacturer to the initial type-testing of the product, a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body No. 2273 – Steel Construction Certification Scheme Ltd - has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

Attestation	This certificate attests that all provisions concerning the attestation of factory production control described in Annex ZA of the standard: BS EN 1090-1: 2009 + A1:2011 were applied.
Date of first issue	June 2014
Date of this issue	31 May 2016
Date of expiry	by 9 June 2019
Validity Period	This certificate remains valid as long as the conditions laid down in the harmonised standard in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

This certificate will remain current subject to the company maintaining its system to the required standard. This will be monitored regularly by Steel Construction Certification Scheme Ltd. Further clarification regarding the scope of this certificate and the applicability of the relevant standards requirements (see welding certificate) may be obtained by consulting Steel Construction Certification Scheme Ltd.

Welding Certificate

2273 – CPR – 0168 – WC

In compliance with BS EN 1090-1:2009+A1:2011, table B.1, the following has been stated:
This Welding Certificate is an
annex to the EC-Certificate of the Factory Production Control (FPC) 2273 – CPR – 0168.
This Welding Certificate is only valid in conjunction with the aforementioned EC-Certificate in the scope of the
Construction Products Regulation or CPR.

Manufacturer	J Wareing & Son (Wrea Green) Ltd
Facilities of the Manufacturer:	Whinbrick Works, Blackpool Road, Kirkham, Preston, Lancashire PR4 2RJ
Standard	BS EN 1090-2: 2008 + A1:2011
Execution Class	up to EXC 2 according to BS EN 1090-2:2008+A1:2011
Welding Process(es)	135 - MAG welding with solid wire electrode
Base Material(s)	up to and including S355J2 in accordance with BS EN 10025-2 up to and including S355J2 in accordance with BS EN 10219-1
Responsible Welding Coordinator	Michael Wilby – competency assessed by SCCS approved course (up to and including EXC 2) Christopher Wareing – competency assessed by SCCS approved course (up to and including EXC 2)
Alternate	n/a
Attestation	This certificate attests that all procedures for the execution and surveillance of welding works in connection with BS EN 1090-1:2009+A1:2011 are implemented.
Date of first issue	June 2014
Date of this issue	21 April 2017
Date of expiry	by 9 June 2019
Validity Period	This certificate remains valid as long as the conditions laid down in the harmonised standard in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

This certificate will remain current subject to the company maintaining its system to the required standard.
This will be monitored regularly by Steel Construction Certification Scheme Ltd. Further clarification regarding
the scope of this certificate and the applicability of the relevant standards requirements may be obtained by
consulting Steel Construction Certification Scheme Ltd.
